If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

DETAILED ACTION

Notice to Applicant

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 20 January 2010 has been entered.
2. This communication is in response to the Request for Continued Examination and amendments filed on 18 February 2010 and 20 January 2010. Claims 1-4 are pending.

Claim Rejections - 35 USC § 101

3. The rejection of claims 1-4 under 35 U.S.C. §101 is hereby withdrawn due to the amendment filed 20 January 2010.

Allowable Subject Matter

4. Claims 1-4 are allowed. The following is an examiner's statement of reasons for allowance:

Claims 1-4 are directed to a method of providing continuing medical education credit to a first physician for a consultation between the first physician and a second physician, the first and

second physicians being coupled to an intermediary. The intermediary computer receives requests for consultations from a first physician and stores the consultation request. A staff physician at the intermediary selects a second physician who has an expertise in a specialty in which the consultation is requested, and sends the selection of the second physician to the intermediary computer. The intermediary sends the stored request to the second physician, who sends a comment to the intermediary regarding the consultation, which the intermediary stores and sends to the first physician. When the consultation is concluded an accreditation module of the computer of the intermediary records the information concerning the consultation in a continuing medical education database and creates an accreditation report for the first physician comprising a certification of the continuing medical education credit earned by the first physician from participation in the consultation.

The closest prior art of record, Fontelo, P.A. Continuing medical education on the World Wide Web. Military Telemedicine On-Line Today, 1995. 'Research, Practice, and Opportunities', Proceedings of the National Forum 27-29 March 1995. URL: <<http://ieeexplore.ieee.org/iel3/3745/10944/00504546.pdf?tp=&amnumber=504546&isnumber=10944>>, hereinafter known as Fontelo, discloses a consultation between a first physician and a second physician, the first and second physicians being coupled to an intermediary, however does not disclose or fairly suggest an intermediary computer that receives requests for consultations from a first physician, stores the consultation requests, and sends the stored request to a second physician, who sends a comment to the intermediary regarding the consultation,

which the intermediary stores and sends to the first physician. Nor does Fontelo disclose an accreditation module of the computer of the intermediary recording the information concerning the consultation in a continuing medical education database and creating an accreditation report for the first physician comprising a certification of the continuing medical education credit earned by the first physician from participation in the consultation.

5. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement for Reasons for Allowance."
